***GMC**: 7420556*
***NTN**: OXF/003-001/7420556/C*

Full-time Education

2022 – 2026 **Doctorate of Philosophy in Clinical Medicine (DPhil)**
University of Oxford

Sep – Dec 2017 **Professional Diploma in Tropical Medicine and Hygiene (DTM&H)**
London School of Hygiene & Tropical Medicine

2009 – 2013 **Bachelor of Medicine and Surgery (MBChB)**
University of Warwick, 4-year graduate entry course

2008 – 2009 **Masters in Medical Statistics (MSc)**
London School of Hygiene & Tropical Medicine (full scholarship)

2003 – 2007 **Masters in Physics (MPhys)**
University of Oxford, 1st Class

Doctoral Thesis

Title *Harnessing Individual Participant Data from Clinical Trials to Predict Relapse in Visceral Leishmaniasis*

Supervisors Prof Philippe Guérin || Prof Ahmed Musa || Dr Prabin Dahal

Status Submission: July 2026 || Viva: September 2026 || Pending minor corrections

URL `https://github.com/jpwil/thesis`

Selected Qualifications and Certifications

May 2022 **Combined Infection Certificate Examination (CICE)**
Royal College of Pathologists

June 2022 **Liverpool Neurological Infectious Diseases Course**
Liverpool Brain Infections Group

Mar 2019 **Advanced Life Support Course (ALS)**
Resuscitation Council UK

Nov 2016 **Essentials in Clinical Education Postgraduate Award**
Warwick Medical School; 1-week full-time course

Jun 2016 **Membership of the Royal College of Physicians (MRCP)**
Royal College of Physicians, Part 1: Sept 2014; Part 2: May 2015; PACES: June 2016

Employment and Experience

Training Programme

2026 – 2027 **Specialty Training – Infectious Diseases and Internal Medicine**
Thames Valley (Oxford)

Feb 2026 – May 2026	Intensive Care, John Radcliffe and Churchill Hospitals
May 2026 – Aug 2026	Acute General Medicine, John Radcliffe Hospital
Aug 2026 – Nov 2026	Infectious Diseases, Churchill Hospital

2019 – 2022 **Specialty Training – Infectious Diseases and Internal Medicine**
North West Region (Manchester)

Aug 2019 – Feb 2020	Infectious Diseases, North Manchester General Hospital
Feb 2020 – Feb 2021	Internal Medicine (various rotations), Blackpool Victoria Hospital
Feb 2021 – Aug 2021	Infectious Diseases, North Manchester General Hospital
Aug 2021 – Aug 2022	Microbiology, Salford Royal Hospital
Aug 2022 – Oct 2022	Infectious Diseases, North Manchester General Hospital

2015 – 2017 **Core Medical Training**
London North West Foundation School

Aug 2015 – Dec 2015	Oncology, Charing Cross Hospital
Dec 2015 – Apr 2016	Acute medicine, Northwick Park Hospital
Apr 2016 – Aug 2016	Cardiology, Hammersmith Hospital
Aug 2016 – Dec 2016	Infectious Diseases, Hammersmith Hospital
Dec 2016 – Apr 2017	Gastroenterology, Barnet General Hospital
Apr 2017 – Aug 2017	Respiratory Medicine, Northwick Park Hospital

2013 – 2015 **Academic Foundation Programme**
North Central Thames Foundation School

Aug 2013 – Dec 2013	Respiratory Medicine, Barnet General Hospital
Dec 2013 – Apr 2014	Care of the Elderly, Barnet General Hospital
Apr 2014 – Aug 2014	General Surgery, Barnet General Hospital
Aug 2014 – Dec 2014	Care of the Elderly, University College Hospital
Dec 2014 – Apr 2015	Accident and Emergency, University College Hospital
Apr 2015 – Aug 2016	Academic hepatology, Royal Free Hospital

Additional Employment and Experience

2020 – 2022 **Regional Trainee Representative**, *North West Region - Manchester*
- Represented trainees' interests at regular meetings with Health Education England-North West
- Liaised with regional training programme directors to address and resolve training issues.
- Assisted in organising and delivering regional infection teaching days.

Sep 2018 – Jul 2019 **Research Fellow**, *Innovation for Health and Development*
- Led local research team investigating technology-appropriate drug susceptibility testing techniques.
- Supported a randomised controlled trial on socioeconomic incentives to improve TB treatment adherence and outcomes (`https://ifhad.org`).
- Supervised by Prof Carlton Evans; funded by Imperial College Charity and indirectly through World Bank, Wellcome Trust.

Jan – Jun 2018 **Junior Research Fellow (part-time, funded)**, *TB Centre, London School of Hygiene & Tropical Medicine*
- Co-led systematic review and meta-analysis commissioned by WHO updating TB infection control guidelines

Jan – Aug 2018 **Senior Clinical Fellow in Respiratory Medicine and Infectious Diseases**, *Northwick Park Hospital*
- Worked at ST3 level in a busy district general hospital

Awards and Prizes

2022 **DPhil Funding**
- Full fees with stipend
- Clarendon Scholarship, Clinician-Investigator Award (University of Oxford)
- Internal award (Infectious Diseases Data Observatory, through Wellcome Grant).

2020 **Quality Improvement Prize** *Blackpool Teaching Hospitals NHS Foundation Trust*
- 1st prize in an annual competition, open to all staff members.
- Awarded for the development, presentation and implementation of rapid COVID-19 response guidelines.

2018 **Imperial College Charity Award**
- Competitive research fellowship for tuberculosis-related research in Lima, Peru.

2013 **Warwick Medical School Prizes**
- *WPH Charitable Trust Gold Medal* – Awarded to the student achieving the highest total percentage for written and clinical examinations.
- *The M and J McCarthy Prize for Consistent Performance* – Awarded to the student who has performed consistently throughout the medical school programme.
- *The Faculty of Medicine Clinical Prize* – Awarded to the student who has the highest total mark of clinical examination.

Selected Quality Improvement and Audit Projects

2022 **Cefazolin procurement** *Northern Care Alliance NHS Foundation Trust*
- Led trust-wide formulary application for cefazolin in Staphylococcus aureus bacteraemia management.
- Applied an evidence-based approach, engaging hospital leadership to align clinical and operational priorities.
- Achieved successful approval (July 2022), improving treatment options for dialysis patients and those with penicillin allergy.

2021 **CO-GENT audit** *NITCAR collaborative*
- Lead analyst of national audit on gentamicin prescribing practices and adverse outcomes.
- Ongoing collaborative work with team of infectious diseases trainees based in the North West `https://nitcollaborative.org.uk/wp/`.

2020 **COVID-19 response** *Blackpool Teaching Hospitals NHS Foundation Trust*
- Collaborated across respiratory, microbiology and audit teams to develop and disseminate COVID-19 diagnostic, management, and infection control guidelines.
- Led root cause analyses with microbiology and Public Health England to address nosocomial COVID-19 transmission.
- Delivered ward-based outreach interventions, strengthening infection prevention and control across the trust.

2020 **Guideline development: CAP** *Blackpool Teaching Hospitals NHS Foundation Trust*
- Led the updating of trust-wide guidelines on the management of community-acquired pneumonia.
- Guidelines ratified and implemented early 2021.

2017 **Guideline development: CMV infection in inflammatory bowel disease** *Royal Free London NHS Foundation Trust*
- Led a trust-wide audit on the diagnosis and management of CMV colitis in patients with IBD, identifying wide range of practice.
- Through engagement with local virology, gastroenterology and hospital management teams, I led the development of consolidated guidelines (approved 2018).
- Audit cycle completed, presented locally and internationally (ECCMID 2018).

Teaching

Extensive experience teaching medical students and junior doctors (PACES, ward-based, small group). Regular presenter at local seminars and meetings.

2024 – ongoing **Guest lecturer in statistics and epidemiology**, MSc in International Health and Tropical Medicine (IHTM), University of Oxford.

2023 – 2025 **Co-lead of statistics and epidemiology module**, MSc in Modelling for Global Health, University of Oxford

2023 – ongoing **WHO/TDR fellow tutor and mentor**, Infectious Diseases Data Observatory, University of Oxford

Selected Oral Presentations

- **Predicting Outcomes in Visceral Leishmaniasis**. American Society of Tropical Medicine & Hygiene Annual Meeting. 13-17th November 2024. New Orleans, USA.
- **Prognostic models predicting clinical outcomes in patients diagnosed with visceral leishmaniasis: a systematic review**. Médecins Sans Frontières Scientific Days 2024. 16th May 2024. London. doi: 10.57740/9SthRqK
- **Peering into the crystal ball: can we predict which patients with visceral leishmaniasis fail treatment?** Oxford Tropical Network 2024 Conference. 29th January - 1st February 2024. Bangkok, Thailand.
- **Diagnostic sensitivity and time-to-detection of the MDR/XDR-TB Colour Test.**. 50th Union World Conference on Lung Health. 30th October - 2nd November 2019. Hyderabad, India

Additional Skills and Interests

- Fluent in Spanish (C1 level).
- Proficient in statistical computing (R software, Stata).
- Amateur cellist. Frequently perform with the Radcliffe Orchestra (principal cellist), Oxford Chamber Orchestra, Arcadian Opera.

Poster Presentations
